PRACTICING ON THE GREENS

When coming to the Club for practice, please **check the whiteboard** on the side of the entrance of the clubhouse to see which greens are available for practice and the direction to play.

When practicing members please make use of all rinks, not just the ones closest to the clubrooms and when practicing on the artificial, you change the direction of play occasionally.

GREENS UPDATE

A Green renovation has progressed well, with good cover and growth, and cutting has commenced. Full aeration is planned for later in October/November once the turf is mature enough to cope. Patrick is optimistic of it being playable in December.

B Green is firming up nicely, and we are targeting having the green in play early October. Scrim will be needed around the 2m areas to reduce wear. Please take care to avoid damage.

Meantime C Green is playing beautifully and received very positive comments from own Club bowlers and visitors

RAROTONGA TRIP

The second annual Vincent Pittman Memorial Trophy Tournament wrapped up in Rarotonga with the host club taking out top honours after two days of friendly but competitive play. This year saw 23 players & 3 non-players travel to Rarotonga for the event, which celebrated the life of the late Vince Pittman, a proud Cook Islander and member of both clubs. Last year, Carlton hosted the inaugural tournament in Auckland and claimed the trophy. This time, Rarotonga made the most of their home advantage, securing the win after leading throughout Thursday's triples before Carlton made a late push in Friday's 2-4-2. Despite the challenging greens, the Carlton team were suitably impressed by the hospitality and the opportunity to honour Pittman's memory alongside their Rarotonga friends.
